

# IANA SIDNEVA

## EXPERIENCE

**Jul 2023 – Jan 2024**

Frontend developer • UR dev

**UR dev is a startup that develops web applications for companies and personal use. My project was dedicated to creating a task-tracking web application for a well-known Russian industry company.**

- Refactored code from JavaScript to TypeScript, enhancing code quality and maintainability.
- Developed new React components based on Figma designs, ensuring responsive and user-friendly interfaces.
- Styled web applications using CSS and preprocessors, improving overall UI consistency.
- Collaborated with a team of developers using Git, participating in daily stand-ups and code reviews.

**Apr 2023 – Jul 2023**

Frontend developer • Skillfactory

**As my graduation project, I developed a pet project with the main aim of enabling anyone to report the theft of a bicycle to a special support and follow-up centre.**

- Designed and developed a web application for reporting bicycle thefts, using React, CSS, and HTML.
- Implemented backend communication using store, ensuring data integrity and security.
- Presented the project as a successful graduation project, demonstrating strong problem-solving skills.

You can see my graduation project and other my works on my web-site:

## OBJECTIVE

High motivated Junior Frontend Developer with a passion for crafting clean and efficient user interfaces. Proficient in HTML, CSS, and JavaScript, with a solid understanding of modern frontend frameworks such as React.js. Experienced in translating design mockups and wireframes into responsive web pages while ensuring cross-browser compatibility. A quick learner with a strong attention to detail and a commitment to staying updated with the latest web technologies and best practices.
